Hunting Shack Munitions is a Montana-based ammunition manufacturer that has been providing some of the finest ammunition to shooters, hunters, law enforcement agencies, and military units for over 40 years. HSM was founded in 1968 and has grown to become one of the leading manufacturers of specialized ammunition products in the country.

The boys from the dog be gone series take a look at custom loaded varmint hunting ammo for the serious varmint hunter. Custom loaded ammo from varmint hunting rounds to the 50 bmg by the, if the hunting shack 230 RN bullets are similar to GI 230 FMJ RN profile they should be seated to 1.266 to 1.271 to match factory GI hardball ammo. HSM provides no reloading data. They do say their plated bullets should use lead bullet data. Lyman 49 manual lists 19 different powders with 230 grain LRN cast bullets. HSM Gameking 6.5mm cm ammunition 20 rounds 140 grain Sierra SBT. Hunting Shack Munitions is a Montana-based ammunition manufacturer that has been providing some of the finest ammunition to shooters, hunters, law enforcement agencies, and military units for over 40 years. HSM was founded in 1968 and has grown to become one of the leading manufacturers of specialized ammunition products in the country.

I've used HSM stuff in several different chamberings including some fairly hot 444 amp 45 70 and also some 375s. I've used them, but now that .308 is no longer available at cheaper than dirt, I'm looking for an easy answer. Why I'm laid up from surgery and can't shoot new loads will get some H1000 and figure something out. Hunting Shack 45 70 government loads safe for use in antique trapdoor rifles. Discussion in Rifle Country started by 45223 Apr 11 2017. Thread status: They have developed loads for the 45/70 trap door actions and don't mind giving you their max pressure rating. They also don't mind charging you an arm and a leg for their ammo either.

Tipping point new HSM ammunition is proud to introduce a new line of extraordinary hunting cartridges that change the paradigm of what to expect from factory loads. Hunting Shack Munitions is a Montana-based ammunition manufacturer that has been providing some of the finest ammunition to shooters, hunters, law enforcement agencies, and military units for over 40 years. HSM was founded in 1968 and has grown to become one of the leading manufacturers of specialized ammunition products in the country.

Re 375 Cheytac loads by jrs66vette it's great that you're rifle shoots the 350smk. Good I have tried reloader 25 and retumbo with the 350 grain smk and I also have tried the 330. Lehighs again having horrible accuracy out of my rifle I believe that its due to the lost river bore dimensions that I have. HSM hunting shack inc. HSM Hunting Shack Inc. HSM Bear Load 45 70 government round nose 430 grains per 20 HSM457012n. The manufacturing HSM hunting shack mfg no 457012n. Today's factory loads with smokeless powder are mild due to potential use in the weak trapdoor Springfield action standard is a 405 grain bullet at 1330 feet per, second. Hunting Shack offers a choice of two loads: 225 grains or 250 grains. Buffalo arms also offers a choice of two loads: 200 grains or 250 grains. Old western scrounger currently offers a 250 grain load and while temporarily suspended Hornady offers a 200 grain soft point load with a muzzle energy of 2720 ft lbs.
