On November 19, the 150th anniversary of President Abraham Lincoln's Gettysburg Address, the Journey Through Hallowed Ground Partnership dedicated 248 trees to the Living Legacy Project. Including 167 newly planted trees and 81 existing trees incorporated into the project, thirty miles west of Washington D.C. and 20 minutes from Dulles International Airport, the remarkable historical and cultural landscape known as the Journey Through Hallowed Ground National Heritage Area and Scenic Byway stretches 180 miles from Gettysburg, Pennsylvania, to Monticello, Virginia. This route is dotted with historic villages, battlefields, plantation mansions, and regional parks. Journey Through Hallowed Ground is the story of one man's connection to the historic town and battlefield and how they in turn defined who and what he became. It is through the echoes of the past and the power of historic memory that permeate the fields, hills, trees, and houses that the author has found meaning and peace.

The Journey Through Hallowed Ground Living Legacy Tree Planting Project is a bold initiative that commemorates the 150th anniversary of the American Civil War through this program. One tree will be planted for each of the 620,000 soldiers who died during one of the most defining moments in American history.
