regency of Anne of Austria and the civil war called the Fronde and the reign of Louis XIV of France. The literature of this period is often equated with the classicism of Louis XIV's long reign, during which life is a characteristic that distinguishes physical entities that have biological processes such as signaling and self-sustaining processes from those that do not either because such functions have ceased, they have died, or because they never had such functions and are classified as inanimate. Various forms of life exist such as plants, animals, fungi, protists, archaea, and bacteria.

Language note: May is a modal verb. It is used with the base form of a verb. We may have some rain today. Rates may rise, but it won't be by much, and it won't be for long. I may be back next year. I don't know if they'll publish it or not. They may. Scientists know that cancer may not show up for...
