Data were collected from Web of Science in January 2016 by searching with the strings circular economy, sustainability, and circular economy and sustainability. As shown in Table 1, the search was applied to topics and for publications in English that were published after 1950. Nowadays, the impact of scientific misinformation has been more profound than on the issue of climate change in the United States. Effective responses to this multifaceted problem have been slow to come. In each situation, we confront a rights-based approach requiring us to ask what the content of the right is, who are the rights claim holders, who are the corresponding duty bearers, and duty bearers able to claim their rights and fulfill them if not. How can we help them to do so? This is the heart of a human rights-based approach. Mary Robinson, former UN High Commissioner for Human Rights, highlighted the importance of engaging with communities and ensuring that their voices are heard. When developing policies, it is crucial to consider the impact on marginalized communities. The role of interest groups in American politics is significant. Interest groups are variously defined.
