Waldheim Alpine Spa is a luxury spa and treatment centre located at Cradle Mountain Lodge, one of Lonely Planet's top 10 extraordinary places to stay in the world. Swansea Accommodation Swansea Backpackers Lodge in Swansea, Tasmania, is an award-winning purpose-built architect-designed lodge adjacent to the historic Swansea Bark Mill and Tavern, and within easy walking distance of Swansea beaches and shops. Chart TT noun a map esp a hydrographic or marine map: a graphic representation of a maritime area and adjacent coastal regions, showing depths of water and heights of land natural features of the seabed, details of the coastline, navigational hazards, locations of natural and man-made aids to navigation, information on tides and currents, and man-made structures such as harbours. Check for convict relatives at Port Arthur Historic Site: find out if you have convicts in the family and stay until nightfall for the ghost tour at Port Arthur, one of Australia's most significant heritage sites. Drop into Port Arthur Lavender for ice cream with a hint of lavender and the Coal Mines Historic Site on the way home. A little taste of Tassie: Planning a holiday or romantic getaway? The question is why would Aussies go overseas when Tassie has it all right on their doorstep? A Destinations Index: First person accounts of travellers inner journeys of transformation and growth as they go to some of the world's most fascinating places.

Lonely Planet: The world's leading travel guide publisher.

Lonely Planet Portugal: Your passport to the most relevant up-to-date advice on what to see and skip and what hidden discoveries await you.

Tasmania may be sparsely populated but it is rich in wildlife, wilderness reserves and a strong sense of community. Long forgotten by the more traditionally celebrated tourism hotspots on the mainland of Australia, many locals look beyond the shoreline for adventures of their own.

Recommended by Lonely Planet: It's worth staying in Westbury just for these little self-contained cottages. They are decked out with antiques, have a cozy country feel, and are cared for with absolute attention to detail.

An Experimental World: One of a series of alternate worlds created by tilting Earth's axis. Exploring climatology, evolution, and cultural geography.

Our earlier post on choosing where to live in Tasmania focused on the first three questions you need to answer in order to start narrowing down the options. These are: do I want or need to be close to one of the main cities? What type of lifestyle do I want to create in Tasmania? How long will my commute to work be?

The hotel has 7 rooms, a large camping area with hot showers, quality home-style cooking, and fresh cold beers and cider on tap. We host a range of craft beers and ciders along with our pub classics.

Tasmania is a fantastic destination for those looking for a domestic trip that feels a bit different after all the facts. It's not connected to mainland Australia, can make a trip to Tassie feel a bit more exotic than a jaunt to Melbourne, Brisbane, Perth, or other Aussie trip sites.

While you'll of course need a flight or ferry to make your way to Tasmania once you're there, the perfect choice is Lonely Planet: Italy. Our most comprehensive guide to Italy is perfect for both exploring top sights and taking roads less travelled.
